To Whom It May Concern

17 April 2018

R/E: BLACK ECONOMIC EMPOWERMENT STATUS:

BKB LIMITED AND ITS SUBSIDIARIES

Please note that our client, **BKB LIMITED AND ITS SUBSIDIARIES**, is currently undergoing a transformation in order to conform to the Amended Agricultural Sector Codes and has instructed us to assist and advise them in order for them to obtain the best possible BEE level.

We confirm that we are currently in the process of drafting a BEE plan for our client based on the Amended Agricultural Sector Codes.

Our client's intention for the 2017 – 2018 financial year is the following:

- To ensure that the relevant EAP targets are met for maximum points on management and control.
- To meet the relevant targets on the skills development element.
- In order to meet the above targets, our client is planning to do the necessary learnerships as well as other accredited training for black people in accordance with the EAP targets.
- To meet the relevant targets on the procurement element by supporting BEE compliant businesses and specifically black owned businesses, during the 2017 - 2018 financial year.
- To support black enterprises during the financial year for financial, operational and independent sustainability.
- Continue contributing and supporting organisations for socio economic development during the applicable financial year.

BKB strives to maintain their current Level 5 as well as continuously bettering their scoring. This in turn leads to positive procurement practices for their clients. Due to the fact that our client has their financial yearend in June 2018, the final verification should be completed by no later than September 2018.

Yours faithfully,

Madelaine Loock
SEESA BEE – Port Elizabeth
