COMMENTS / AANMERKING:

The 4th mohair sale of the 2021 winter selling season was a bit of a gamebreaker for our mohair clients. During the week before the sale there was a lot of pressure on the market to come down substantially to maintain demand stability. The House of Fibre marketing team was actively involved to keep this downward pressure less than 10%. This pressure was caused mainly by the lack of finance to finance the mohair through the processing chain. The big culprit was that the prices went up with more than 80% compared to a year ago, causing chaos in most budgets. With this 8% drop on average, the market should stabilize on the current levels. A good sign was that all 6 buyers were competing. So far production is also between 3% and 8% better. Farmers must be congratulated with the excellent quality on offer, it is just the clean yield % of the clips suffering, because of the drought, with a lot of clips measuring percentages well below the average of 80%. The best price of the day went deservingly to Jordi and Gay van Hasselt of Van Hasselt Farming, Prince Albert. There super style, full B-length, 28-micron (87.6% clean yield) winter kid sold for R791.00/kg! The House of Fibre will offer more than 100 000kg of excellent mohair again on the next sale on the 9th of November in the Port Elizabeth Mohair Exchange.

Die 4de sybokhaarveiling van die 2021 winter verkoopsseisoen was 'n maak of breek veiling vir ons bokhaar boere. Die week voor die veiling het daar geweldig druk opgebou van verwerkers vir 'n aansienlike afplating in die prys van bokhaar. Die bemarkingsspan van House of Fibre was aktief betrokke om die daling kleiner as 10% te hou. Hierdie druk het gekom hoofsaaklik van finansiërings probleme in die verwerkingsketting. Die sondebok hier is die styging van prys met meer as 80% binne 'n jaar. Dit het die meeste begrotings onklaar betrap. Met die daling van 8% behoort daar nou stabiliteit te kom. 'n Goeie teken was dat al 6 kopers aktief deelgeneem het. Selfs produksie is tans tussen 3% en 8% beter. Die bokhaar boere moet geluk gewens word met die hoë kwaliteit aanbidding, dit is slegs die skoonopbrengs wat nie op standaard is nie as gevolg van die droogte. Daar is baie skeersels wat swakker as die gemiddelde persentasie van 80% toets. Die beste prys van die dag het gegaan aan Jordi en Gay van Hasselt, Prins Albert van Hasselt Farming. Hierdie super styl, vol B-lengte, 28 mikron (87.6% skoonopbrengs) winter kleinbokkie het verkoop teen R791.00/kg! House of Fibre bied weereens meer as 'n 100 000kg, hoë gehalte haar in die Port Elizabeth Sybokhaarbeurs aan op 9 November 2021.
